

## NEXT STEPS (NOW - FALL/WINTER 2007)

### Preliminary Design

- Review comments from tonight's meeting and those received during the following 10-day comment period

### Traffic Studies

- Continue analysis of intersection vs. roundabout options

### Landscaping/Bike and Pedestrian Trails/Parking and Property Access

- Identify parking and property access issues
- Develop landscaping plans and incorporate bike and pedestrian trails into the preliminary plans

### Upcoming Public Involvement Opportunities

- Newsletter #2
- Design Public Hearing (Fall/Winter 2007)
- Project website information
- Stakeholder/neighborhood updates as requested

## THANK YOU!

Thank you for attending tonight's meeting and reviewing the conceptual design information for the Hillsdale Drive Extension Project.

Your comments and suggestions will provide the important insight needed to make this project a success. The Steering Committee will carefully consider all of your suggestions as we move forward with the preliminary design phase.

All material presented at tonight's meeting is available on the project website. Please provide us your comments no later than May 18, 2007.

### Mailing Address:

City of Charlottesville  
Neighborhood Development Services  
P.O. Box 911  
Charlottesville, Virginia 22902

## HOW TO STAY INFORMED...

We encourage you to stay involved in the development of this important transportation facility, which will improve mobility and safety for both vehicular and pedestrian traffic. There are several ways to do this:

- Keep in touch with the members of the Steering Committee who represent your neighborhoods or businesses.
- Log on to the project website for the latest information:
